

Our Mission

The mission of **Daughters of Sarah Senior Community** is to enhance quality of life of those we serve by assuring maximum independence and dignity through a variety of residential, personal care, health and other quality services, consistent with Jewish tradition.

For Shirley, Greatdays has provided a stimulating program of interesting activities in a social atmosphere – all administered with nursing supervision and carried out by a competent, caring staff. For myself, Greatdays allows time to continue teaching part-time at the University, and to do other things, while Shirley is safe and under excellent care.

Greatdays helps individuals

- **Reconnect** with the community through social interaction, therapeutic recreational programming and stimulating activity.

*We have compassion
for caregivers, too.*

Greatdays welcomes older people needing our services and can help arrange transportation, even from outlying areas.

If you care for a loved one at home - work, family and personal responsibilities may make it difficult for you to be as attentive as you want to be. That's why we encourage you to consider Greatdays services for the loved one in your constant care.

You can work, attend to other responsibilities, and enjoy time to yourself knowing your loved one is safe, medically supervised and participating in appropriate activities and special events.

To ensure caregivers are involved, communicates in scheduled conferences, newsletters, onsite events, mailings and informal conversations.

We know caregivers sometimes need one or more nights away from home. To assist you, we offer short-term Respite for Greatdays members at Daughters of Sarah Nursing Center.
