

MEMORANDUM

TO: Daughters of Sarah Nursing & Rehabilitation Center Families and Residents
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Senior Community
DATE: December 14, 2020

In keeping with our commitment to share with you updated information relative to the COVID-19 virus, I am writing to advise you that 4 new residents of the Nursing & Rehabilitation Center have tested positive for the virus.

Additionally, one more resident has recovered from the Coronavirus, and has been transferred off of our COVID unit.

At this juncture, there are 41 residents currently residing on the COVID unit.

We have not received any new positive test results regarding our staff members. We remain committed to keeping you advised through these memoranda and our Coronavirus Hotline at 518-724-3203.

As you know from press reports, New York has begun to distribute the COVID vaccine to hospitals and nursing homes. Our pharmacy provider will, in accordance with CDC instructions, be handling the administration of the vaccine here. We are just beginning to receive the guidance from the pharmacy as to the process; once we have sufficient details, we will be in further contact with you.

If you have any further questions, please do not hesitate to contact us.

Thank you for your continued confidence in our staff.
