RE: COVID-19 Update

This is just a brief notice to let you know that, earlier today, we received test results for 4 more members of our staff members, who regrettably have tested positive for COVID- 19. In accord with Department of Health requirements, these individuals are all now quarantining at home.

In response to certain questions we have received, please note that the Nursing & Rehabilitation Center remains on the schedule of our pharmacy partner to have residents and staff receive the initial vaccine inoculations on this coming Wednesday, January 6, 2021. As always, we will keep you apprised of any updates with respect thereto.
