

MEMORANDUM

TO: Daughters of Sarah Nursing & Rehabilitation Center Families and Residents
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Senior Community
DATE: January 21, 2021
RE: COVID Update

Please be aware that the last 2 residents who were residing on our COVID-19 Unit have recovered from the virus. Currently, there are no residents in the Nursing & Rehabilitation Center who are testing positive for the coronavirus.

Additionally, please note that, within the past day, we have had 1 new staff member test positive for the virus. This individual has begun their quarantine period.

As a reminder, our clinic for the 2nd dose of the COVID vaccine will be January 27, 2021. If your loved one received the first dose, but you have not yet sent in the consent for the second dose, please do so immediately.

Moreover, if your loved one did not receive a vaccine during the first round, and would like to receive it at our “make-up” clinic, you should likewise send us a completed copy of the consent. The “make-up” clinic is scheduled for January 31, 2021.

The Consent form for both of the clinics is attached. Please sign the form and send a scanned copy or a photograph of it to info@daughtersofSarah.org.

If you have any remaining questions that we have not yet answered, please do not hesitate to contact your loved one’s social worker.

Thank you for your ongoing assistance and support as we finalize the vaccine rollout.
