

MEMORANDUM

TO: Families, Residents and Friends
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Senior Community
DATE: November 24, 2020

I am writing to provide you with further updates relative to our campus wide Coronavirus situation.

We have received another staff positive test result for a staff member on the Gold Unit at the Nursing & Rehabilitation Center. The staff member is asymptomatic and is now quarantining. This brings to 4 the number of staff members (including staff of our contractors) who have recently tested positive. In addition, there are 2 residents quarantining on our segregated COVID unit.

In accord with CDC regulations, we have initiated a second round of resident testing at the Nursing & Rehabilitation Center. As in the past, we will directly notify the resident representative for any resident who tests positive; otherwise, we will report results through these Memoranda and on our Coronavirus Hotline.

There are currently no residents at The Massry Residence who have tested positive, or have shown symptoms of the virus.

We remind you that in-person visitation is suspended at the campus, and will remain so for at least the next 14 days, per Department of Health regulations.

We do continue to post daily updates on our Coronavirus Hotline at 518-724-3203.

Should you have any questions, please do not hesitate to contact your loved one's social worker.

Thank you for your continued trust and confidence in Daughters of Sarah.
