

MEMORANDUM

TO: Families, Residents and Friends
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Senior Community
DATE: November 30, 2020

I regret to advise you that we have learned of additional positive Coronavirus test results today.

Fourteen (14) new cases of COVID-19 have been identified among the residents on Nursing & Rehabilitation Center Gold and Blue Units. In keeping with our infection control procedures, these individuals have transitioned to our segregated COVID only unit, bringing the total on that unit to twenty (20). We continue to monitor all residents for any symptomatic indications of the virus.

Additionally, we have learned of two (2) additional staff members at the Nursing & Rehabilitation Center who have also tested positive for the virus, who is now in quarantine.

In accordance with CDC protocols, we have begun another round of testing for the residents at the Nursing & Rehabilitation Center. In accord with our practice, we will directly notify the resident representative for any resident who tests positive; otherwise, we will share results through these Memoranda and on our Coronavirus Hotline (518-724-3203).

At present, no residents or staff at The Massry Residence have tested positive, or have shown symptoms of the virus.

Should you have any additional questions, please do not hesitate to contact your loved one's social worker.

We thank you for your continued support and understanding.
