

MEMORANDUM

TO: Daughters of Sarah Nursing & Rehabilitation Center Families and Residents
FROM: Mark L. Koblenz, CEO
DATE: October 9, 2020

Just a brief note to bring you current on matters at Daughters of Sarah Community for Seniors.

We again note that we have no outbreaks of COVID-19 among residents or staff on the campus. Accordingly, we are able to continue for now with our indoor visitation program. Moreover, so long as the weather holds, we are more than happy to also coordinate outdoor window visits for you. Please refer to my previous updates as to the available times for both indoor and outdoor visits; you can find past notices on our website.

I do want to thank all of you who submitted nominations for our annual caregiver awards. We received dozens of nominations, making our decisions quite challenging. We are pleased to announce that there were 4 recipients of the Tien-Lun Li Caregiver Award:

Suheily Colon-CNA; Tamioka Starling-CNA; Jennifer Lavenia-LPN; and
Kevin Wertmen-Maintenance Supervisor.

Please join us in congratulating them!

In addition, we want to thank all of you who have sent in 8 x 12 photos of your loved ones. We are beginning to post them around the building.

In furtherance of that project, our Resident Life Department is seeking additional ways to strengthen relationships. We miss having families in the building to visit; we learn so much about our residents when you are here.

Accordingly, could you please send us information about your loved ones, such as: nicknames; children/grandchildren/great grandchildren; interests and hobbies; do they like animals; favorite foods; did they travel and where; or any other fun facts we can share about them. You can mail the information to the Resident Life Department, or reply to this email. We look forward to learning more about our residents.

As always, we will continue to post daily information regarding COVID updates on our COVID Hotline at 518-724-3203. Please avail yourself of the updates.
