

MEMORANDUM

The Massry Residence
Gracious Assisted Living
Daughters of Sarah

TO: Massry Residence Families, Residents and Friends
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Community for Seniors
DATE: January 5, 2021
RE: COVID-19 Vaccine Update

We are pleased to let you know that we have received notification from our pharmacy partner, Walgreens Pharmacy, that they will begin offering vaccine clinics for assisted living facilities in our area during the week of January 18th. While we do not yet have the exact date for the first round of our inoculations, we are hopeful that we will be one of the initial sites.

Over the next few days, we will be meeting with residents to review, and have them sign, the appropriate consent forms to receive the vaccine. Should there be any questions in that regard, please let us know.

As we indicated earlier, we have once again this week tested the residents in the facility to help ensure that the virus is not continuing to spread. Our laboratory is currently processing those test swabs. We will share the results of the testing as they become available from the lab.

Thank you again for your continued interest in our care for your loved ones, and your ongoing support.
