

The Massry Residence
Gracious Assisted Living
Daughters of Sarah

MEMORANDUM

TO: Massry Residence Families, Residents and Friends
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Community for Seniors
DATE: January 13, 2021
RE: COVID-19 Update

We are writing to advise you that, within the past 24 hours, results have been received for all of the residents of The Massry Residence who were tested this week. Regrettably, one new resident has tested positive for the virus.

We have also learned today of one new staff member who has tested positive for the virus. This individual is now quarantining at home.

At present, there are only 2 residents in the facility who remain in isolation because of having a confirmed case of the virus. Under regulations, however, all residents are staying in their apartments, and we are regularly monitoring their health conditions to keep abreast of any emerging changes.

Please be aware that we remain on track for our initial vaccine clinic this coming week. Our residents are anxious and excited to receive the vaccine, and are looking forward to the expectation of relief from COVID that we all trust the vaccine portends.

Should you have any continuing questions, please feel free to reach out to Sharon Rosenblum (518-124-3404) or Marisa Rotolo (518-724-3402).
