

MEMORANDUM

The Massry Residence
Gracious Assisted Living
Daughters of Sarah

TO: Massry Residence Families, Residents and Friends
FROM: Mark L. Koblenz, CEO
Daughters of Sarah Community for Seniors
DATE: January 8, 2021
RE: COVID-19 Update

I am writing to inform you that all of the results from our resident COVID testing this past week have been returned. Regrettably, one additional new resident has tested positive for the virus. In accordance with our testing protocols, we plan on doing another round of resident testing this coming week.

On a related note, we are excited to report that Walgreens has given us a date for our vaccine clinic. **The clinic will be held at The Massry Residence on Tuesday, January 19, 2021.** All eligible residents interested in receiving the vaccine will be inoculated at that time. Walgreens has also told us that they will be utilizing the Pfizer vaccine at their clinics.

Should you have any questions in the meantime, please do not hesitate to reach out to Sharon Rosenblum at 518-724-3404.

Lastly, in the interest of full disclosure, we have learned that one of our part-time staff members has tested positive for the virus. This individual, who is now quarantining at home, has not been in this facility since way back in November. As with all staff members who test positive, this individual will not be returning to the facility until they receive a negative test result.

Wishing you a pleasant weekend and Shabbat Shalom.
