

MEMORANDUM

TO: Daughters of Sarah Nursing & Rehabilitation Center Families and Residents
FROM: Mark L. Koblenz, CEO
DATE: June 11, 2021
RE: COVID Update

This is just a brief update as to COVID circumstances at the Daughters of Sarah Nursing & Rehabilitation Center.

We are very pleased to report that all of our residents have continued to test negative for the coronavirus. We have now completed our “outbreak” testing and visitation protocols as delineated by the Department of Health.

Accordingly, effective tomorrow, Saturday, June 12, 2021, all units in the facility can again receive scheduled visits. As in the past, please follow the appropriate steps to reserve a visitation time slot. (These Memorandum have been posted to our website, and can be referred to for scheduling details.)

We would also like to take this opportunity to thank Sienna College, the Tulip Project, and the Glamor Gals Foundation for donating the flowers that we were able to give to all of our mothers on Mother’s Day. Their generosity definitely brightened everyone’s day.

Should you have any questions, please do not hesitate to contact your loved one’s social worker.

As always, we appreciate your compassion and ongoing support.
