

**MEMORANDUM**

TO: Residents, Families and Friends  
FROM: Mark L. Koblenz, CEO  
DATE: August 10, 2021  
RE: Campus Update

I am writing to bring you current on circumstances at the Daughters of Sarah Community for Seniors Campus.

Earlier today we learned of a staff member from the Green Unit of the Nursing & Rehabilitation Center who has tested positive for the Coronavirus. In accordance with our outbreak protocol, we have begun testing all residents and staff. We are pleased to note that the test results for all residents in both the Nursing & Rehabilitation Center and The Massry Residence have been negative. While we are still testing on all worker shifts, so far, no other staff member tests have returned as positive for the virus.

Pending the completion of our initial outbreak testing protocol, we are required by DOH to halt all visitation at the Nursing & Rehabilitation Center. We will advise you further as to the details for the restoration of visitation later this week.

In the meantime, should you have any questions, please do not hesitate to contact your loved one's social worker. We will also continue to post updates on our Coronavirus Hotline (518-724-3204) as circumstances warrant.

Thank you for your understanding and cooperation herein.
