RE: Campus Update

I am pleased to let you know that our initial outbreak testing round has been completed. There are no new positive test results among staff or residents.

CDC protocols require further periodic testing for at least two weeks. We will advise you if any of these follow-up tests reveal the presence of the coronavirus.

Visitation at the Nursing & Rehabilitation Center has re-opened for residents of the Blue, Gold, Red and MEU Units. Please continue to schedule visitation appointments online through **SignUpGenius** at:
