

## MEMORANDUM

TO: Residents, Families and Friends  
FROM: Mark L. Koblenz, CEO  
DATE: September 30, 2021  
RE: Campus COVID Update

Given our ongoing outbreak testing of residents and staff at Daughters of Sarah Nursing & Rehabilitation Center, I regret to report that we have received additional positive test results.

Earlier today, 4 residents tested positive on MEU and 2 residents tested positive on the Red Unit. Only one of the residents is now exhibiting any symptoms of the virus; the others, including the one who tested at the beginning of the week, while positive, are not sick. In addition, one new staff member has also tested positive.

Those residents having testing positive are being isolated in their rooms. Staff is wearing appropriate PPE for the conditions they are encountering. Depending on the unit, these include N95 or surgical masks, goggles/face shields, and impervious gowns. Finally, units are not being mixed.

Please note that visitation rules remain unchanged. **Regular visits for the Red Unit and MEU are suspended. Regular visits with residents on the Green, Blue and Gold Units can continue, but will only be held outdoors, weather permitting.** Please be aware that we have erected a tent at the front entrance of the building to help facilitate outdoor visits.

Arrangements for outdoor visits with Green, Blue or Gold Unit residents can still be made online through *SignupGenius*. A link to the registration site is displayed on our website ([www.dossc.org](http://www.dossc.org)) - you should click on the "IMPORTANT INFORMATION REGARDING CORONAVIRUS" link at the very top of the web homepage, then click on "*Click Here to Schedule a Resident Visit*".

Please remember that virtual visits are available, and can be scheduled with your loved one's social worker; window visits can be scheduled with Mary Roy (518-724-3290).

As always, we will supplement these notices as needed. You can also refer to our Coronavirus Hotline at 518-724-3203.

In the meantime, we sincerely appreciate your continued trust and confidence in Daughters of Sarah Community for Seniors.
