

MEMORANDUM

To: Daughters of Sarah Nursing & Rehabilitation Center Residents & Families
From: Lisa Marrello, Administrator
Date: January 11, 2022

Dear Family Members and Friends:

As we notified you yesterday, we have concluded our full-house resident COVID-19 testing. It resulted in 1 new resident positive on the Blue unit. The resident is asymptomatic and has been placed in quarantine.

There have been no additional positive staff tests. Today, 5 staff members were released from quarantine. As of today, the total current staff positive cases totals 14.

We continue to screen all staff before their shifts and are testing all staff who have been exposed to the virus wherever that exposure occurred. This is all in accordance with and following the recommendations of the CDC, CMS, and NYSDOH.

As we continue to be in an outbreak status and while we remain open to visitors, we ask that you wear your mask at all times. Please do not visit if you are exhibiting any signs and symptoms of COVID and/or if you have been exposed.

If you have any questions feel free to contact me or your loved one's social worker.

-Lisa
