

MEMORANDUM

To: Daughters of Sarah Nursing & Rehabilitation Center Residents & Families
From: Lisa Marrello, Administrator
Date: January 19, 2022

Dear Family Members and Friends:

Over the past 24 hours we have had 2 new staff members test positive for COVID-19, and have released 5 staff members from quarantine. The total number of staff in quarantine is 5.

We have had 2 new residents on the Blue Unit test positive for COVID-19. We currently have a total of 9 residents in quarantine for COVID; 5 on the Blue Unit and 4 on the Gold Unit.

We have formed COVID sectioned areas on both the Blue and Gold Units so COVID positive residents can be placed in cohorts without leaving their home unit. We are also masking all residents who choose to wear a mask and/or can tolerate a mask. As stated previously, we have paused all Blue/Gold group activities and are socially distancing residents in the dining room.

We continue to quarantine and test staff and residents per NYSDOH and CDC guidelines.

Thank you for being understanding and patient with our visitor testing procedure, which has been running quite smoothly. The link to watch how to administer the test we are distributing is <https://www.youtube.com/watch?v=juFqYt25il>. We do have a limited supply of tests, so please note you can now request free home tests at www.covidtests.gov.

If you have any questions or concerns, please feel free to reach out to your loved ones' social worker.

Thank you for your continued support, patience and understanding.
