

MEMORANDUM

To: Daughters of Sarah Nursing & Rehabilitation Center Residents & Families
From: Lisa Marrello, Administrator
Date: January 25, 2022

Dear Family Members and Friends:

I am writing to inform you that after COVID-19 outbreak testing on the Blue and Gold Units, we had 1 resident on Blue test positive. This individual has now been moved within our COVID cohort. We released 1 resident from quarantine and now have a total of 8 residents in quarantine, 4 on Blue and 4 on Gold.

We have also had 2 staff members test positive for COVID-19, and have released 5 from quarantine. We have a total of 2 staff members quarantining.

We continue to quarantine and test staff and residents per NYSDOH and CDC guidelines.

Thank you for being understanding and patient with our visitor testing procedure, which has been running quite smoothly. The link to see how to administer the test kits we are distributing is <https://www.youtube.com/watch?v=juFqYt25il>. As we have a limited supply of tests available, please note you can request free home tests at www.covidtests.gov.

Thank you for your trust and understanding as we continue to confront this pandemic.
