

MEMORANDUM

TO: Residents, Families and Friends
FROM: Sharon Rosenblum, Executive Director
DATE: January 4, 2022
RE: COVID Update

I am writing to bring you current on circumstances at The Massry Residence.

Over the past 24 hours, we have learned of a second staff member from The Massry Residence who has tested positive for the Coronavirus. We have been in communication with the Albany County Health Department. Based on their guidance, no resident testing is recommended at this time. Per our daily procedures, residents will continue to be monitored for signs and symptoms of COVID and staff will continue to be screened at the beginning of their shift.

We held a resident meeting yesterday afternoon to inform them of the new case and reminded residents of the importance of wearing masks at all times, despite being vaccinated and boosted. We reviewed good hand hygiene and social distancing. Visitation remains open to guests and families with appropriate masks.

Should you have any questions, please do not hesitate to contact me at 518-724-3404. We will also continue to post updates on our Coronavirus Hotline (518-724-3203) or at www.daughtersofsarah.org as circumstances warrant.

Thank you for your understanding and cooperation herein.
