

MEMORANDUM

TO: Residents, Families and Friends
FROM: Mark L. Koblenz, CEO
DATE: April 29, 2022
RE: Campus Update

I am writing to bring you current on circumstances at the Daughters of Sarah Community for Seniors Campus.

I regret to inform you that, earlier today, we learned of one resident on the Gold Unit of the Nursing & Rehabilitation Center who has tested positive for the Coronavirus. In accordance with our protocol, we have tested the possibly affected cohort of residents, and are pleased to note that the test results for all of them have been negative. We will continue to monitor the potential symptom situation of the residents, and have also implemented isolation and infection control protocol for the infected resident.

I want to remind you that, going forward, we will be reporting our COVID conditions primarily on our Website: daughtersofsarah.com The information on the Web is updated, and can be checked, daily.

Please be aware that, in the meantime, there is no change in our visitation procedures as a result of this circumstance.

Should you have any questions, please do not hesitate to contact your loved one's social worker.

Thank you for your understanding and cooperation.
