

MEMORANDUM

TO: Residents, Families and Friends
FROM: Mark L. Koblenz, CEO
DATE: March 31, 2023
RE: Daughters of Sarah Nursing & Rehabilitation Center Update

We are writing today to apprise you of recent circumstances in the Nursing & Rehabilitation Center related to the seeming unrelenting persistence of the Coronavirus.

At present we have a minor outbreak of COVID cases on our Memory Enhancement Unit. Just today 7 residents on the Unit have tested positive for the virus. These residents are being quarantined in their rooms in accordance with CDC recommendations.

Staff are wearing all appropriate Personal Protective Equipment necessitated by the outbreak. We have tested all of the residents on the Unit, and will continue to do so for the next few weeks in accordance with CDC directives and our outbreak protocols.

Visitation with residents may continue as in the past; however, we do recommend that, if you are personally susceptible to the virus or otherwise concerned about possible infection, you consider postponing your visits at this time. Moreover, if you feel unwell yourself, we ask that you stay home and recuperate.

I do want to remind you that, for your convenience, daily information regarding the number of residents and staff who have contracted COVID is listed on our Website under the "COVID-19" link at the top of each page.

As always, if you have any questions or concerns, please do not hesitate to contact your loved one's social worker.

Thank you again for your ongoing confidence, support, and trust in Daughters of Sarah.
